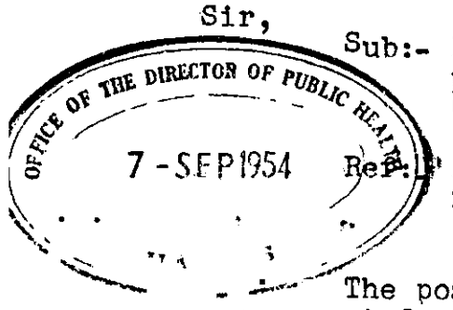
Sir,



Sub:- Maternity and Child Welfare - Woman Medical Officer - post of a peon - retention - vacancy of Woman Medical Officer - ratification - requesting.

Ref:- Audit objection para 19 of 1952-53 I. half and further remarks.

The post of Woman Medical officer I Grade of this municipalit was vacant from 9-6-1952 forenoon to 18-5-1953 and steps were being taken to fill up the vacancy. During the absence of the Woman Medical Officer the duties were carried on by the Municipal Health Officer and the peon attached to the post of Woman Medical Officer was utilised for work connected with maternity and Child Welfare such as conveying official orders relating to maternity centres, supply of drugs and other equipments to maternity centres etc for the efficient adminstration of the work connected with the Municipal Maternity and Child Health Centres (5 in number then) and which were located at five different places which are far and apart. Since these items of work could not be entrusted to the peons attached to the Municipal Health Officer without affecting office work it was felt necessary that the peon should be continued in service.

The District Inspector of Local Fund Accounts has objected to the retention of the peon during the absence of the Woman Medical Officer and copies of the said objections and the further remarks are enclosed.

I request that in the circumstances Government may be pleased to ratify the retention of the peon and pass early orders.
